

## Fiberglass Shapes & Features

A body of water is a natural relaxant and a mere glimpse of your pool will help you unwind. Choosing the perfect fiberglass pool size and shape will increase your enjoyment of the time spent outside the pool as well as in.

### *What is a Fiberglass Pool?*

Fiberglass pools are in mold, handcrafted, delivered, ready to be installed in your back yard. The fiberglass is an incredibly sturdy material that's ideal for in-ground pool.

Fiberglass is the materia of choice for bathtubs, sinks, hot tubs, and multi-million dollar yachts, not to mention airplanes, helicopters, exotic automobiles and many other high performance products. As such fiberglass is the best choice for the material for your in-ground swimming pool.
